

## Press Information

### **Kyocera Named Among “Top 100 Global Innovators 2022” by Clarivate**

**New methodology by Clarivate compared 50 million inventions to recognize “the very pinnacle of the global innovation ecosystem”**

**Kyoto/London, 05. April 2022.** KYOCERA Corporation announced today that it has been recognized among the Top 100 Global Innovators™ 2022 by Philadelphia-based Clarivate™, a global leader in providing trusted insights and analytics to accelerate the pace of innovation.

The Top 100 Global Innovators consist of companies and institutions that demonstrate the capabilities, consistency, incredible creativity and new thinking that solve pressing challenges and establish new value for the world, Clarivate stated.

Published annually since 2012, Clarivate’s list is based on a twin-track approach to evaluation which has been refreshed and rebooted for 2022. The first track focuses on identifying innovating organizations that pass qualification criteria based on their volume of inventive activity. The second track evaluates all inventions in the Derwent World Patents Index™ (DWPITM), a comprehensive global collection of curated patent abstracts owned by Clarivate, and scores them on four factors: Influence, Success, Globalization, and Technical Distinctiveness. This year, 35 Japan-based enterprises appear on the list. The complete methodology is available on the Clarivate web site, <https://clarivate.com/top-100-innovators/methodology/>.

 Clarivate™

Kyocera’s policy for intellectual property (IP) extends beyond protecting its own inventions. The company focuses on contributing to society by building businesses that create new value; licensing its own IP to expand our business; and maintaining deep respect for the IP rights of others. Kyocera works closely with patent firms worldwide to promote the establishment and recognition of IP rights, and to create business opportunities with other parties by disclosing some proprietary technologies publicly through its IP website.

## About Clarivate

Clarivate is a global leader in providing solutions to accelerate the lifecycle of innovation. The mission is to help customers solve some of the world's most complex problems by providing actionable information and insights that reduce the time from new ideas to life changing inventions in the areas of science and intellectual property. Clarivate helps customers discover, protect and commercialize their inventions using its trusted subscription and technology-based solutions coupled with deep domain expertise.

## About Kyocera

Headquartered in Kyoto, Japan, KYOCERA Corporation is one of the world's leading manufacturers of fine ceramic components for the technology industry. The strategically important divisions in the KYOCERA Group, which is comprised of 307 subsidiaries (as of March 31, 2021), are information and communications technologies, products which increase quality of life, and environmentally friendly products. The technology group is also one of the most experienced producers of smart energy systems worldwide, with more than 45 years of know-how in the industry. The company is ranked #603 on Forbes magazine's 2021 "Global 2000" listing of the world's largest publicly traded companies.

With a global workforce of over 78,000 employees, Kyocera posted sales revenue of approximately €11,74 billion in fiscal year 2020/2021. The products marketed by the company in Europe include printers, digital copying systems, semiconductor-, fine ceramic-, automotive- and electronic components as well as printing devices and ceramic kitchen products. The KYOCERA Group has two independent companies in the United Kingdom: KYOCERA Fineceramics Ltd. and KYOCERA Document Solutions Ltd.

The company also takes an active interest in cultural affairs. The Kyoto Prize, a prominent international award, is presented each year by the Inamori Foundation — established by Kyocera founder Dr. Kazuo Inamori — to individuals worldwide who have contributed significantly to the scientific, cultural, and spiritual betterment of humankind (approximately €763,000\* per prize category).

\*Date of Survey: June 18<sup>th</sup>, 2021
